Boxford March 7th 1814. Then the undersigned Committee of the first Parish in said Town met & accounting with Timothy Dorman Treasurer of said Parish, and he hath accounted for the Interest on the State Note to July 1. 1813. and on the sum secured to the Parish from Individuals up to the 20th of November 1813. The Treasurer continues to hold for the use of the Parish the State Note the principal as he received it when he came in to office and also the securities of various Persons for the sum of $1308.4 as stated on the Book in March 1813. excepting that on the Note from John Sawyer $134 has been indorsed and the same is now due by a Note from Capt Joseph Symonds first and also excepting that the Treasurer to secure payment of the two Notes due from Artemas Baboon has taken certain articles of personal Estate but at this time cannot certainly determine how far it will answer the demand but is apprehensive there will be a small loss thereon to be adjusted at the next reckoning. We also find in the hand of the Treasurer the sum of three hundred forty one dollars and eighty two cents for which he is to account & Mr Dorman's Note is included therein,

Norford, March 1815. Then the undersigned Committee of the first Parish in said Town, [redacted] conducted a meeting with Timothy Dorman Treasurer of s^d Parish and he has accounted for the Interest on the State note to July 1. 1814, and on the sum raised to the Parish from Individuals up to the 20^th of Sept. 1814. — The Treasurer continues to hold for the use of the Parish the State note — the principal as he received it when he came into Office, — also the quarter of various persons for the sum of $. 1300.4, ~~which he holds in his hands~~ excepting that the Treasurer to make payment of the two notes due from Artemas Peabody and has taken certain articles of personal Estate; but at this time cannot ascertain by determine how far it will answer the demands — but is apprehensive there must be a small deduction thereon
